Who we are

RightLink Locums is the locum tenens brand of FABCARE LLC, headquartered in The Woodlands, Texas. We recruit, screen and present physicians in every specialty for temporary coverage, and we give smaller facilities the same attention as large systems.

Coverage we provide

Weekends · Nights / nocturnist · Block schedules · Vacation / PTO · Census surge · Recruiting gaps

Hospital medicine, emergency medicine, anesthesiology, radiology, surgery, OB/GYN, psychiatry, primary care, critical care and other specialties.

Why RightLink

- **One direct contact** for the whole assignment, with no call center and no VMS layer
- **Physician-led matching**: clinical judgment, not keyword search
- **Transparent terms**: rates, schedule and expectations agreed before the assignment

Physician-led

Founded by practicing physicians who've worked the shifts you need covered. Every match is reviewed with a physician's eye: what the shift involves, what support is on site, and whether it's the right fit.

How we vet physicians

- Active license in your state, verified with the state board
- Board certification or eligibility
- DEA and certifications (e.g., ACLS/BLS) as required
- Professional references and work history
- NPDB query and malpractice history review
- Credentialing file assembled for your medical staff office

Contract basics

- Malpractice coverage terms confirmed in each assignment agreement
- Travel and lodging, when needed, handled as set out in the agreement
- Invoicing against facility-approved timesheets
- Your facility keeps sole authority over privileges and clinical standards

How to start

1. Tell us the specialty, dates, schedule and privileging timeline
2. Sign a simple master services agreement
3. Review screened candidates while your medical staff grants privileges
4. Confirm the assignment, and coverage starts

General information only. Assignment terms are governed by the signed agreement. RightLink Locums is a d/b/a of FABCARE LLC.
